BLM 10.1

ctivité orale

Travail à deux : Où est-ce ? Refer to document A.

Work with a partner. You both have a plan of a bedroom. Draw five objects that you have 'hidden' in the room (e.g. school items, clothing) and give your partner the names of the objects. Your partner has to ask where the objects are and draw them on the plan. Then you both check to see if the objects are in the right place.

## **Example:**

Student B : Où est le portable ?Student A : Le portable, il est sur le lit, à côté du tee-shirt.

Use this space for your notes.
